Re: USDA Waiver extension - Free Breakfast and Lunch for ALL students
Date: Tuesday, 9/8/20

Comet Parents and Families,

The USDA has extended it's free meal program into this school year. ALL students in every building will NOT be charged for breakfast or lunch. This program went into effect on September 1st and will continue through December or until funds are depleted. A la carte items and extra milks still require payment.

***Please be sure to fill out free and reduced lunch forms as you have in the past.** When the funds run out for the USDA waiver, we will revert back to paying for breakfast and lunch as normal. Once again, the USDA waiver will run out, please be sure to get free and reduced lunch forms completed as soon as possible.

Thank you very much!
